

ISA Art & Design presents Reverberation: From The Past To The Present

(Jl. Jendral Sudirman Kav. 1 Jakarta, 10220, Jakarta) - ISA Art & Design will present Reverberation, taking place at **Wisma 46 BNI Gallery on January 15th – February 28th, 2022**, and featuring 19 artists to respond to Hendra Gunawan's artworks.

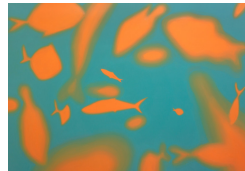

ISA Art & Design first show for 2022 opens this week. Entitled 'Reverberation: From the Past to the Present'. We challenged 18 contemporary Indonesian artists to look at artistic expressions and issues surrounding Indonesian politics, social issues, and techniques in response to a monumental work by Hendra Gunawan. We feel it is important for the younger generation of artists to be able to learn about Hendra Gunawan's works and respond to it. Hendra Gunawan, (1918-1983) was one of the earliest examples of contemporary Indonesian art, through his exaggerated figures and bold use of colors. which was a sharp departure from the "Moie Indies" and realist period in Indonesian art. His works are known for portraying the "real life" of Indonesia, the fishermen on the beach, the revolutionary period and the mother and child.

Through this exhibition, we hope that the narrative built by Hendra Gunawan can continue to live and create new forms of expression. Attached please find the catalogue with the essay and list of artworks. For further information please contact : marketing@isaartanddesign.com or WhatsApp: +62 8111733553
