## ▶ EYE CANDY: NICK HORNBY & SINTA TANTRA'S COLORFUL SCULPTURES

Rising Brit sculptor Nick Hornby has collaborated with his art-school classmate Sinta Tantra on a series of sculptures currently on view at London's Canary Wharf. Bold graphics combine with ultra-sharp surfaces cut from marble resin as if with a scalpel, resulting in modern pieces that somehow suggest a scaled-down Stonehenge—albeit styled for spring.

Nick Hornby & Sinta Tantra: Collaborative Works are on view in the lobby at One Canada Square, Canary Wharf, London from January 14 – March 15, 2013.
