5. Kristin Hjellegjerde Gallery — Sinta Tantra

London's Kristin Hjellegjerde Gallery are participating as part of the RISE section at the fair, which presents galleries and art spaces launched in the last six years. The stand exhibitions here showcase tightly curated solo presentations by early career artists, with the aim of enabling new talents and trends to be discovered. Kristin Hjellegjerde Gallery are showing Balinese-British artist Sinta Tantra, who will present an immersive installation, featuring a theatre set incorporating spray painted murals, geometrically patterned, woven rugs and hanging paintings. Tantra's most notable work includes a permanent landmark commission for Canary Wharf completed for the 2012 Olympics – a 300-metre-long painted bridge stretching over the water in the heart of London's business district. Recent public art commissions include Newnham College in Cambridge University, as well as a large floor painting covering an entire public square in the newly-built 'tech city' of Songdo, South Korea.
